Shenandoan
2005

DeDiCaTiOn

Ever since we first met four years ago, Mr. Harley has been an inspiration to me. For three years he's been my Bible teacher. We've traveled the world together on numerous mission trips, and this year he's my boss. We've gotten well acquainted. Whether teaching a Bible class on the prophecies of Daniel, tarping a roof in 110 degree Florida weather after Hurricane Charley, picking apples in the SVA orchard, or praying with a homeless person in Washington D. C., Mr.

Harley is the epitome of a Christian hero.

Being real is one of the main reasons students respect him. Mr. Harley doesn't hesitate to speak his convictions. Sincerity permeates everything he does, and he's one of the hardest workers I know. Whatever the task, Mr. Harley's enthusiasm always makes it seem easier. He's not afraid to get dirt under his fingernails and do whatever needs to be done. Mr. Harley leads by example.

Growing students into a deeper relationship with God is his main goal. One reason Mr. Harley

can identify so well with the struggles of teens today is because of his personal knowledge of what we're going through. As a result of his own experiences, he's become a strong advocate of grace. He understands when we fall and is always willing to help us get back up.

He's made an impact on my life and I'm honored to call him my friend.

~Joel Kurt

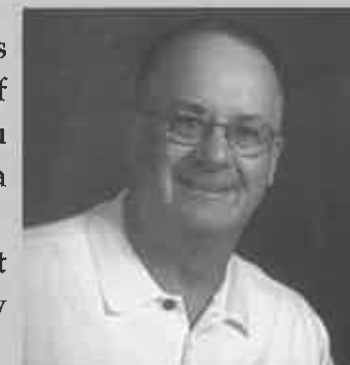

PRINCIPAL'S MESSAGE

As you look through the 2004-2005 copy of the *Shenandoan* it is my hope that you will look back at your experiences at SVA and reflect that yes indeed this has been a time of growth.

As you reflect on these pages that show the many aspects of life at SVA, it is our greatest desire that you have made a connection (or had your connections strengthened) with our Savior, Jesus Christ. It is through this connection that all the other building blocks are put into perspective.

If you are a member of the class of 2005, we say congratulations and may God's richest blessings always attend you. If you are a member of one of the classes of 2006, 2007, or 2008, we're glad you were here this school year and pray that you will return for our next school year together, more determined than ever to be a blessing to this school and community.

Please remember that SVA is and will continue to be privileged to being a light for our young people's path. Please stay in contact with us and always stay connected to Jesus.

John Nafie, on behalf of the staff of SVA.

Thanks, Mr. Harley! There's never any question that students come first in your mind, and your actions prove it.

1st Quarter

The beginning of the school year is always very exciting because there is always so much to do. Everyone is moving in, classes are starting, and people are getting to know each other. It's a fresh start and a new year. Sometimes it seems like a billion things are going on, and people are just getting back into the swing of things. At first you're overwhelmed, but as time goes on your load becomes easier to carry. As everyone starts getting used to the SVA life, then you start to feel more at home. Soon you're on a regular schedule and the anxiety you once felt slowly drifts away and disappears. Then before you know it, the school year is finally coming to a close. The seniors are graduating, you're preparing for the summer, and you have to say goodbye to your friends. You'll realize that when all is said and done, you're now "Back to Square One....."

Kellen is making a ridiculous face.

Do you like your job?

71% YES! I enjoy working at SVA. It is the pinnacle of my existence. Only work fills the bottomless void of my life. Without work I would be no better than a talking virus.

27% NO! I absolutely despise work. Work is the epitome of everything vile and abominable in this world. I am an indolent hobo who takes pleasure in sitting in front of the TV and fattening myself with Little Debbie snack cakes.

2% MAYBE I don't care. I am an apathetic blockhead that wants nothing to do with anything. If I had my way in this world, I would sleep all day long and wait until the world caters to my every fancy.

2nd Quarter

By second quarter, things have slowed down and everyone is finally adjusted to the system. The days pass by more slowly and everyone starts to develop a habit of staring at the clock in class and counting down the minutes until the bell rings. Fall approaches bringing with it the holiday season. The shortest quarter of the year, 2nd Quarter is filled with vacations and people itching to get out of school and into their new socks and sweaters that they get for Christmas every year. Exams come too quickly and can easily overtake the lazy. As the semester draws to a close, the student body is more than ready to receive their (hopefully) hard-earned break. But one more obstacle looms between the music-oriented and bliss, Candlelight. And as another quarter ends, half the year has slipped by but the New Year heralds its approach..."

CAREER

Waking up later than usual, asking the FBI guy ridiculous questions, looking at cancerous animals and broken bones in the radiology session, everyone taking the samples from the dental hygienist, Mr. Garman giving out candy for answering questions, getting hair advice from the cosmetologist, sitting in most sessions and waiting to get out alive, lunch...

YOUTH FEST

Leaving very early, warming up early to sing, watching the step team, knocking down the screen, putting stickers on Jamie's back, the long drive, lunch outside in the cold, putting on the skit in the afternoon, concert afterwards, falling asleep, Pastor Damien speaking, the sessions after lunch that everyone went to, Grady roaring like a lion, going after the program to Taco Bell...

PRODUCER OF BIG BELLIES

Cafeteria '04-'05

Looking around to make sure none of the teachers are looking so you can throw food, standing in long lines, especially after chapel on Fridays to get your food, watching the lettuce in the salad bar turn brown before your eyes, leftovers, especially after big weekends when the cafeteria serves especially good food for guests like parents and alumni, practicing basketball shots with crumpled up napkins and cups, the new cups, silverware, and

dishes, studying for tests while eating because you forgot to study before, pretending to throw things so that the supervisors come over and tell you not to throw things, making concoctions of hot sauce and everything left on the plate and eating it, talking with friends about the quality of food, school, people, etc., Sabbath lunches, Sabbath suppers with corodogs or hotdogs, throwing peas at Kevin White, Jon V putting a fat grub in Monica's peas, Sophomore year...

"The best part about getting food is being able to throw it later when the teachers aren't looking."

- Cameron Burrell

FAVORITE FOOD

What is your opinion of cafeteria food?

SEAN MEYER

"They have good cereal, and I like their chocolate milk. They need to add fakin' Canadian Bacon to the menu."

MARIE COLLINS

"Actually, I think it's pretty good, and I think some kids should appreciate it more. I do get tired of the pizza."

JOANNA FORONDA

"It's a whole 'nother world considering the atmosphere. You never know what will happen. There's a lot of southern cooking which is different for me. The cereals are lifesaving."

JOSH SEEK

"I think the cafeteria food is fine. I'd like to see the salad bar be really fresh each day."

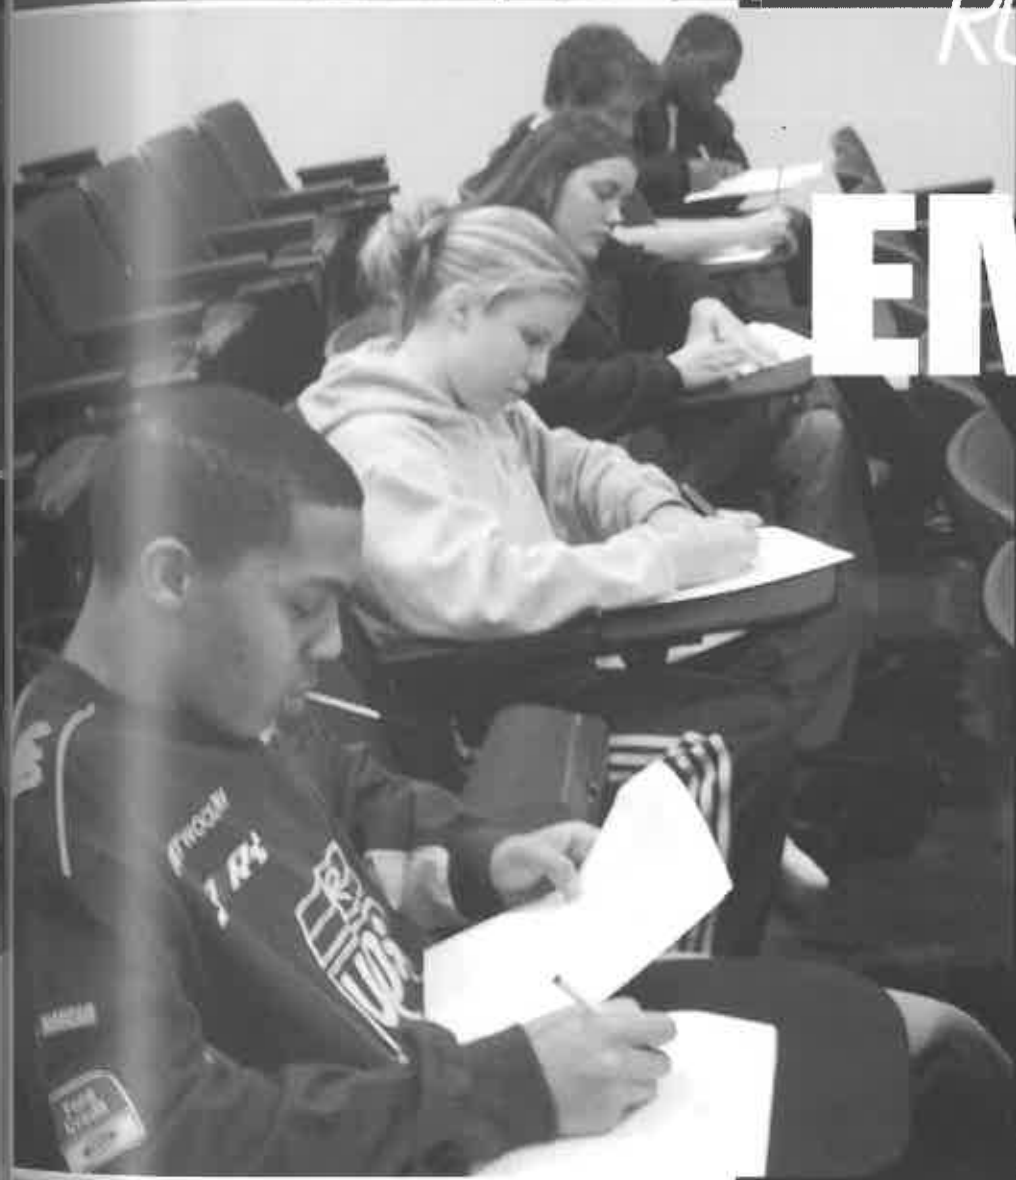

AFTER HOURS

Rec Time '04-'05

Relaxing in the dorm, watching movies, hanging out with friends, playing basketball, watching TV in the dean's office, participating in intramural sports, working out in the weight room, playing foosball in the student center, walking around campus, taking an afternoon nap, going to a friend's house, playing tennis, walking into town, knitting or crocheting, listening to music, surfing the internet, snacking on junk food, driving down to Harrisonburg...

For The Kids

ADOPT-A-CHILD

Getting to know the kids, playing duck duck goose, coloring with Mr. Nafie, getting to see the joy in the kid's faces when they opened their presents, shopping for presents, fingerpainting, playing

musical chairs, eating yummy Christmas goodies, holding the baby, Latavia sitting in the chair with a Santa hat...

3rd Quarter

Third quarter...the longest part of the year. The weather gets colder, the sun shines less even if the clouds aren't obstructing the sky, and you'd much rather stay inside than exercise. Basketball season is in its prime and our teams' devoted fans come to every game to cheer our Stars on, hopefully. Then there's volleyball and soccer intramurals to stay lean and ward off any fat you might have gotten while sitting around complaining about the bad weather. Fire alarms get pulled and snowball fights erupt outside. You might wonder, "How much longer am I going to be here?" as day after day seems to pass with a monotonous regularity that is as boring as cafeteria stew. Then you realize spring break is only a couple weeks away and all boredom converts to anticipation of whatever activities might occupy your respite from all schoolwork. All you need is a corny "Hang in there"...

4th Quarter

4th quarter is finally here. We're on last leg of the race with summer as a reward at the finish. Seniors start to count the days until graduation as the tide of the school year flows away. But some aren't as willing to let the days melt away so swiftly. For some, the thought that they might not see some of their classmates or school fellows again can be a thorn in the side. But life goes on. Seniors are admonished once again to pass their classes or take new ones to fill requirements...like Health. Events like the spring picnic and class parties litter the months, along with the creation of the girls' soccer and guys' baseball team. (Lots of March and) April showers are bringing May flowers. They also bring the infamous gnats that relish the thought of diving into unsuspecting victims' ears. Then there's the chicken smell. Finally, there's graduation. Tears are shed as people say their goodbyes, possibly for the very last time. 4th quarter has evaporated in the intensifying sun, taking with it a year overflowing with memories and experiences...

EQUATORIAL

Fiji Mission Trip

The 40 hour trip to Fiji, singing in the airport, the hot weather, GOOD food! looking for shells, walking on the beach, snorkeling, seeing blue starfish, getting stung by tiny jellyfish, riding in the midget ferry, Josh going overboard, playing rugby in the rain, getting all muddy, the long walk to the boys dorm, watching a Polynesian dance, the little kids not understanding English during VBS, going down the natural waterslides, jumping off the ledge, saving 2 people's lives, Dean J not brushing his teeth, fishing off the jetty, meeting all the kids, building a deck, painting the medical clinic, working with the kids at the school, having Sabbath on Rambi Island, tanning, preparing for crafts, Dr. Tim and his comments, cheesy jokes esp. w/ Mr. Copaceanu, going spearfishing at night, Cookie's laugh, the hot German guy, flies, getting sick, taking cold showers with mosquitoes, UFOs, peppers at Int. Dateline, two baptisms with Cookie and Matthew, Ulamila, "beating the dead horse," turbulence in the little plane, beautiful sunsets and sunrises, walking a mile to get to Olive Garden, the last big dinner with all the food, Fijians singing "If we don't meet again this side of heaven...", the sick baby that almost died, the chainsaw accident, Jessica's peck on the cheek, climbing coconut trees, playing volleyball and the Cat and Rat game, being able to see all the stars, sulus and leis, Shenandoans, cockroaches and crabs, "Side by Side," crying cuz we had to leave so early...

Special thanks to Jared, Brandon, Grady, Noel, Alix, Mr. Silver, etc. for pics

PLAY BALL

Meeting on the line for prayer before the start of the game.

Mr. Buchholz waits for the game to start.

A disappointing first game, Ryan Feltman hitting a triple to put SVA back in the game, Chris Beers' 7 strike-outs in 4 innings coming back from a 5-1 deficit to win 14-7, good sportsmanship on both sides, not getting rained out, a big fan turnout for the 1st home game, Mr. Buchholz and Mr. Jetter and the sunflower seeds. . .

YELLOW CARD

Paige's goal in the 1st half against Mt. Carmel, Erica's block shots on #20's corner kicks, Marissa scoring from a mid-field position, the bitter cold and sloppy field conditions in the EMHS game, Kara saves end goal at Mt. Carmel, Mr. LaPierre's advice, "There is no 'I' in soccer. There are no stars. We have to work as a team."

Kara can't believe what just happened.

FRIENDS

FOREVER

Academy students know how to snatch sleep whenever and wherever they can.

"Cornetta" performs her daily chore in the Hornsmoke saga.

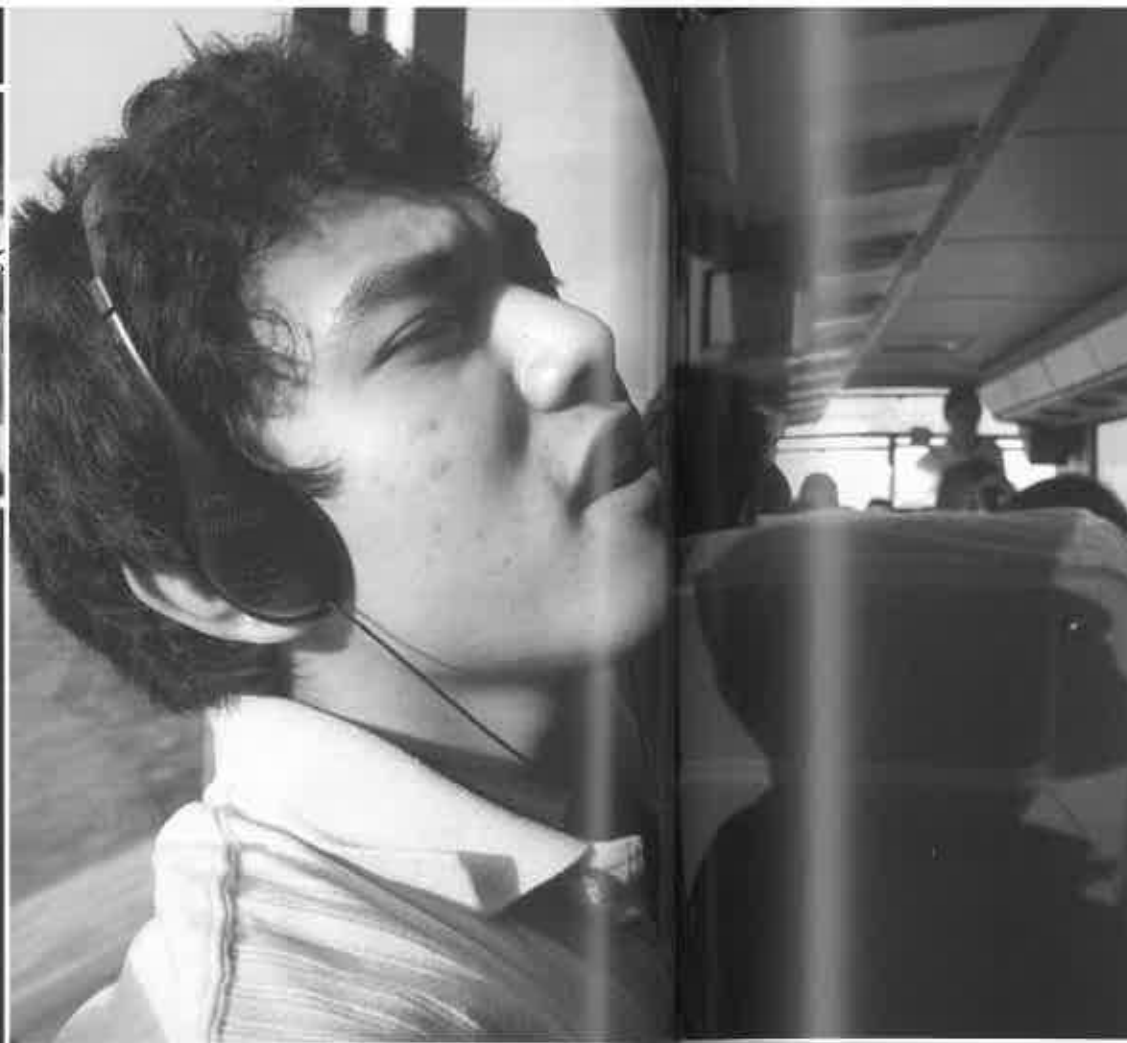

"Swish, Swirl, Stop" Jera was the cue card girl as she led the audience participation in the Great Steamboat Race.

P.D.Q. Bach done as only Tucker can do it.

Jasmine and Matilda wait patiently for practice to start while Tiffany uses the time to check phone messages.

Christy and Caitlin enjoy yet another bus ride as they traveled from place to place at the CUC Choir Festival.

SOUND OF MUSIC

MUSIC TOURS AND CONCERTS

Lu, Lu, Lu, Lu, choir festival at CUC, singing "Row, row, row your boat" and Disney songs on the HVA bus, the face on the ceiling in Sligo church, joking around during rehearsals, going ice skating/sleeping/museum touring, watching the jazz concert, talking late at night, eating cake on Jared's birthday, singing with the CUC choir, singing so much that our voices got hoarse, getting stuck in traffic jams on the way, playing UNO and the 3 hour game of Slapjack, sleeping on the hard floor, listening to CD players, the Laugh, CUC cafeteria, playing Ko-

rean hand games in the bus to kill time, counting every piece of wood and glass in the church cuz of boredom.... Swishing and swirling the water around at the band concert, Mr. Rumsey dressing up like a woman, Dean J talking in a Southern accent for the narration, solos from David, Lisa, Jackie, etc., Tucker's opera solo, Mr. Rumsey milking the fake cow, the pinball machine song with the weird sounds, applauding an excellent concert....

Jaclyn & Brody make beautiful music together.

The End

The school year has quickly come to a close. The seniors are graduating, and everyone is ready for the summer. People are signing yearbooks. Everyone is crying and saying their goodbyes. It's hard to let go because we've grown so close to the people around us. Summer is here, and before we know it, another school year will begin and we'll be... BACK TO SQUARE ONE.

KOFI

We love you and we are proud of you.
From the Brooks and Newman Families

Brian--

Your accomplishments are many--
musically and academically. We will truly
miss hearing the bagpipes each day!

It's been such fun watching you grow in
so many ways--especially in height. We are
so proud of you! While the future may not
be clear now, if you will let God lead in
your life it can hold nothing but great
promise for you. We love you!

Mom & Dad

Kevin,

We are so very proud of you!
We thank God everyday for
the special blessing you are to
our family! Remember the
things you have been taught,
and never forget Christ died
for you. He is always with you
and with him all things are
possible!

Love,
Dad, Mom, and Kyle.

Our Dearest Joanna,

High School is over in your life and all these years taught you a lot. Now you have knowledge as big as a sea...but one inch deep. This means that there is a long path of learning still ahead of you. You have done well and have made us proud. You are a gift from heaven to lighten the path around you. You are like a giant sequoia tree, which will reach out and touch the sky when it is fully grown. But as the trees, you might bend a little, but those who love you and care for you, will hold you with a string, really hard, maybe to the point of hurting, but that at the end it will straighten and strengthen you. We all love you dearly, papi, mami, Jeanette, and Jeena and will always be on your side.

Joanna always remember that Jesus is looking at you from above and he likes what he sees. You need to live your life in such a way that he will always like what he sees, when he looks at you. Try to see things from the eternity point of view, and you will definitely make the right choices.

We will not be with you always, for we will pass on one day. But Jesus will always be with you, and his Holy Spirit will remind you of his teachings and will give you the strength to be obedient to his commandments.

May you become a great leader in his church and may you guide many to his feet. May he always bless you and make of you a great and a humble servant in his cause. May you become a faithful daughter, a loving sister, a dutiful wife, a wise mother, and a great citizen of heaven, in your journey on this earth.

Dear Anna,

I hope you never lose your sense of wonder
You get your fill to eat
But always keep that hunger
May you never take one single breath for granted
God forbid love ever leave you empty handed
I hope you still feel small
When you stand by the ocean
Whenever one door closes, I hope one more opens
Promise me you'll give faith a fighting chance

And when you get the choice to sit it out or dance
I hope you dance
I hope you dance

Love Dad and Debbie

Congratulations Jason!
You finally made it! We knew you could do it! We are very proud of you! There were some tough times along the way, but you hung in there and made it through! You have been very special to us! You have been the pride and joy of our life!

The years have gone by so quickly! It's hard to believe that you are already a grown young man and ready to graduate! Always keep your chin up, work hard, and try to do your very best! We wish you the very best always, and much success, in the future! God Bless you! We love you!

Love,
Mom, Dad, and

Caitlin Christine Meharry came into the world with her eyes and mouth wide open in wonderment, and she has been in awe of God's earth ever since. Caitlin means "gift of God" and Christine means "little Christian". She truly has been a gift of God, and when you get to know her, you understand that she bears the name "little Christian" faithfully. Caitlin, may God continue to richly bless your life as you bear fruit for His glory, and as you continue to discover the mysteries of His universe. You are truly precious.

Daddy

Jon,
From the day we named you, it has been our prayer that you would be a loyal friend as Jonathan was to David and committed to God as was Daniel. We are so proud of what you have become. We love you very much and look with great anticipation for what your Heavenly Father has in store for you.

Love,
Mom and Dad

Dear Jérém,

Congratulations! Those twelve years of school are finally over! Life is now all open in front of you, and you can achieve anything with the many talents God has given you. We are proud of your being our son and a great brother, with your kindness, your smartness, and your integrity.

Keep God first in your life, and you will enjoy His blessings.

We love you very much,

Mom, Dad, Aurélien, Anaïs and Mélissa

**Joel,
Thanks for blessing us with so
much sunshine!
God has awesome plans for you!
We love you!

Whenever we think of you
we feel the warmth of a smile.
It happens when we think about
the wonderful woman you've become
right before our eyes,
and again when we see
the thoughtful things you do for us
and for so many others.
All through your life you have given us
so many, many reasons to smile.
And we want you to always remember
that we are so very proud of you
and love you so very much.
Congratualtions!

*Dear Jordan,
From the little
guy in the silly
stroller, to the
fun-loving
preteen, to the
great young man you've become, we
love you and are very proud of you.
All the best in college and beyond.*

We have watched you grow
from a chubby little baby in
Northeast India to a lean and fine
young man here in America. We are
proud of you. Now that you have
finished high school you are going to
aim for higher things. Remember
what Jesus said in
Matthew, "With man it's
impossible, but with God
all things are possible."

Love you always,

Dad, Mom, Helen, &
Mawii

Dear Austin,

From a very young a ge
you wanted to explore and
check things out. You are
fast and good at things you
do. Music has always been
a part of your life, piano,
trumpet, and guitar and we
have enjoyed it with you.
We are very proud of you
and we always want the
best for you. Remember to
always keep God in your
life no matter what you do.

Love,
Mom & Dad
